Observations regarding Intended Outcomes of MOU's signed by the colleges:

Regarding the Outcomes of the MOU's signed by the Colleges following observations are listed here:

1. Majority of the colleges has signed MOU's just for organising the seminars ,conferences and talks with the help of the companies/Agencies with whom they have signed MOU's.
2. Most of the colleges has explained that because of MOU's they were able to organise training sessions, Industrial visits , hands on training and practical exposure to the students in the field of computers, accounting , office management, Banking and Finance etc.
3. MOU's in the field of science and technology are missing link.
4. In majority of the cases , placement drive with the help of these agencies is a missing link.
5. In most of the cases even principals are not clear about the intended outcomes of the MOU's.
6. Only in few cases like KMV Jalandhar and MM Modi College Patiala they have actually gone in details to get the benefit of these MOU's in terms of employability .
